

We Love our Mealworms!

Welcome to our wonderful mealworm website. We have posted the amazing things we discovered about mealworms during our mealworm project in our class.

During this project, we did multiple experiments to learn as much as we could about our little friends. We also did research to support our findings or to learn more about them to keep them safe and happy.

Enjoy your visit!

– Andrea, Kathleen, Sarah and Stephanie

Welcome Little Buddies

Above is a picture of our little buddies on the first day. Our insect count was 1 pupa and 9 larvae. We used nail polish to name them. Here is what we came up with:
